#### IP Addresses

Our sites log IP addresses for systems administration purposes. IP addresses are logged to track a user's session, providing GBC with an idea of which parts of our site users are visiting. We do not link IP addresses to anything personally identifiable. This means that a user's session will be tracked, but the user will be anonymous.

#### Cookies

GBC uses a feature of your browser to set a "cookie" on your computer. This allows us to measure and report aggregate information to advertisers such as the number of people who see their ad (reach) and the number of times people see their ad (frequency). Cookies may also be used to customize or simplify your use of certain features of our site. Cookies by themselves, cannot be used to find out the identity of any user. GBC will only store information provided voluntarily, but this information is not personally identifiable. If for some reason you would rather not take advantage of the benefits made possible with cookies, most browsers allow you to reject cookies or to choose which cookies to accept. However some features of our site may not work as intended, or not at all, if the cookie is blocked.

Some portions of our web site, such as contests or newsletters, will require that you enter an email address. GBC may occasionally send a promotional email to you to promote a new service or contest on our site. You will always be given the option to be removed from future mailings. GBC and its vendors will not share or sell email lists to any third parties, unless specifically stated otherwise on the sign-up form or contest rules.
